

Power Vision

Century Gaming Technologies is proud to offer the future of multi-game, multi-denomination gaming machines. Our Power Vision and Power Vision with Aristocrat games offer our partner locations what is perhaps the biggest competitive advantage ever offered to restricted licensees - an exclusive machine not available from any other vendor. Better yet, the bartop version with Aristocrat slots isn't just an exclusive machine, it's a revolutionary machine like no other in the world!

- All-new video poker games designed specifically for the neighborhood Nevada market, plus seven of the most popular classic poker titles offering the paytables local players know and love.
- Emulated versions of classic Gamblers Bonus video poker titles for those players who prefer the look and feel of the games they've become accustomed to throughout the years.
- All Power Vision machines include proprietary slot games with multiple bonus features to entertain even the most demanding slot enthusiast.
- Power Vision bartop models now offer popular slot content by Aristocrat. Draw new play and offer current players more variety with proven slot performers Miss Kitty, Five Dragons and the #1 rated slot theme three years in a row, Buffalo!
- Groundbreaking new keno titles with multipliers, bonus rounds, free games and animated graphics which surpass current keno standards by leaps and bounds.
- Several four card and twenty card keno variants to satisfy even the most serious keno players.
- A large format screen and unique interactive features keep players entertained for hours as they find hidden touch spots and get special on-screen celebrations for big hits. The more they win, the crazier it gets!

Power Vision is changing the way local Nevada players play. Incredible graphics, better paytables, more variety and true casino-grade slot content will not only draw additional business through your doors, it will keep your loyal players coming back for more. With Power Vision in your location and Century as your partner, you and your players will definitely...

FEEL THE POWER!
